

# 2018 Little Leprechaun Junior Golf Program

The program is five weeks of instruction covering all aspects of the game. Our goals are to encourage the growth of the game of golf through the next generation and to promote fun learning to make the game more enjoyable for everyone involved.

The junior program is suitable for ages ranging from 5-12. Throughout the five weeks our professional staff will teach the juniors every part of the game ranging from rules and etiquette to full swing and fun practice routines. The juniors will develop core values of respect, honesty, character, and goal setting that will carry into their adult lives.

Each session starts with a warm up and instruction period followed by playing a graduated number of holes (each week will play more holes) of golf where the instructors will teach the players on course decisions and fun games to play with friends.

While students are enrolled in the five-week program they will receive free golf and range use to progress their improving games. This is a one of a kind offer only found here at Glen Erin. Each session there will be fun competitions for everyone to participate in for weekly prizes. Finally, each day will conclude with a complimentary lunch for the students. The last week of instruction parents are allowed to play alongside their son/daughter for a fun play day to end the program.

Areas Covered in this Junior Program include:

- Rules and etiquette
- Putting
- Chipping/Pitching
- Full Swing
- On course play with on course instruction
- Lunch provided daily
- Last session family play day
- Daily competitions for fun Prizes
- FREE GOLF AND RANGE USE!

**When? Every Monday starting June 18th to July 23th (We will skip July 2nd) at 8:30 AM.**

**\$130 for five weeks of instruction + Access to the golf course and range!**
