

2022 Little Leprechaun Junior Golf Program

The Little Leprechaun Junior Program is five sessions of instruction covering all aspects of the game. This program will extend beyond the sport of golf with fun athletic activities such as hitting, throwing, hand-eye coordination drills, and rotary motions. This will not only help them become better golfers but also better athletes and develop core values that will carry with them into their adult lives such as etiquette, respect, patience, honesty, and goal setting. This program is suited for kids between 5 – 13 years old.

Each session starts with a warm up and exercise period followed by fun sporting activities that will lead us into the golf lesson of the day. After 30 minutes of instruction and activities, the students will play the designated amount of holes of golf that is next to their age group. Finally, each day will conclude with a complimentary meal for the students.

Benefits to Junior Program:

- Rules, etiquette, and core values
- Fun exercises and games
- Motor skill development
- Full swing and short game instruction
- On course play with on course instruction
- Meal provided daily after golf
- Last day is family play day and pizza
- **FREE GOLF AND RANGE USE!!!**
