

## 2018 Glen Erin Golf School

Glen Erin Golf School is a junior golf program suited for kids looking to take their interest in golf and apply it to improving their golf game and make their school golf team. Through this junior golf program students will learn the keys to hone their golf swing, control their emotions and mental thoughts, and manage their game on the golf course.

Along with their golf instruction students will learn key life lessons to take into the upcoming stages of their lives. Glen Erin Golf School is suitable for all ages ranging from 12-18. Each session starts with a warm up and instruction period followed by playing nine holes of golf where the instructors will teach the players on course decisions to playing better golf. While enrolled in Glen Erin Golf School students will receive free golf and range use to progress their improving games.

This is a one of a kind offer only found here at Glen Erin! Finally, each day will conclude with a complimentary meal for the students. The last day of instruction parents can play alongside their son/daughter for a fun play day to end the program!
